

MONOPHASE PUMP 1,5HP 230V

A detailed view of the Olympia Pump 501. The pump features a white plastic housing with a large circular outlet on the right and two smaller outlets at the bottom. It is mounted on a silver metal base with cooling fins. A black electrical control box is attached to the side, with several colored wires (red, green, blue, yellow, black) extending from it. The pump is secured with several silver screws.

Technical data
